Headteacher: Paul Campbell

21st June 2013

Dear parent / carer,

On the 11th and 12th June our school was visited by three people from the Camden School Improvement Service who carried out a 'Review of Provision and Outcomes'. The review used the latest Ofsted criteria to evaluate the work of the school in four areas: Achievement; Quality of teaching and learning; Behaviour of children; Leadership and Management.

You will be very pleased to learn that the school was judged to be "outstanding" in all four areas.

In summarising the school's strengths the team reported that: much of the teaching is outstanding; the school has a rich, relevant and stimulating curriculum; attainment is high and children achieve very well by the end of Year 6; early reading skills are taught very effectively and children throughout the school are interested in and enjoy reading; and the school has high expectations of its staff and for its children.

They also noted that children throughout the school have very positive attitudes to learning, behave very well in lessons and are proud of their school. The team were impressed by the positive relationships between children and between children and school staff, and by the school's very strong commitment to the inclusion of all children in the life of the school.

The staff are all very proud of this result. We hope you are as well.

Best wishes,

Paul Campbell
