- Thurs 17th Mar Home Learning Review Meeting with SLT
- Fri 18 Mar Comic Relief
- Mon 21st Mar Camden Music Festival at the Royal Albert Hall

**Primrose Maths Workshops for Reception Families**

We are delighted to announce that we will be running two Primrose Maths workshops for each of the Reception families. The aims of the workshops are to:

- **Develop greater parental involvement** – it will give you a clear insight into 'what' and 'how' we teach your child in mathematics to enable you to support at home and help them improve
- **Build the relationship between parent and child** - working together builds trust and respect
- **Help improve results and progress** - Ofsted highlights the impact of these Maths projects on pupil attainment
- **Fosters an enjoyment of mathematics** – it will provide you with an array of fun, practical activities that can be done at home

Each workshop is from 9.00 am to 10.15 am and will be held on the following dates: **RR - Tuesday 2nd February and Tuesday 23rd February. RJ - Tuesday 9th February and Tuesday 1st March.**

**Time to Talk Day 4th February 2016**

Mental Health problems affect 1 in 4 people each year. Talking can make a real difference - so why not pop the kettle on and ask someone how they're doing today? Let's get the nation talking!

**World Religion Week.....** A big thank you to Reverend William Guilliford who helped Tracy Maberly organise a very thought-provoking World Religion Week. The children in Y1 and Y5 were visited by Sh Kibuka, the local Imam who came to talk to the children about Islam. The Y6's had a very interesting discussion with Rabbi Stuart about Judaism and the EYFS, Y2, Y3 and Y4 children explored aspects of Christianity with William and Majorie from St Mark's and St Paul's Churches. The whole week promoted some excellent discussions and helped us ask questions about each other. This is how I believe the world should be, working together and learning about each other's beliefs. I was very impressed with the children's discussions. **Robin**

**Our Soft Play Room**

in the former medical room has now been installed and looks AMAZING! This will become a super facility for our children, especially those who need a break-out space or time to be physical safely. It's also a great place to have a bit of fun. I am pleased that we have added to our inclusion portfolio both the Sensory Room and the Soft Play Room and these two new features will have a noticeable impact on our children.

**Thurs 24th Mar LAST DAY OF TERM 1.30 p.m. FINISH**
