A cold and frosty week at Primrose Hill. There is definite progress on the two year old building...lots of workers and lots of noise. This is very encouraging. Our new Two Year Old team are now in place and doing lots of exciting planning with Richard. I'll keep you posted about developments. Enjoy the winter weather. Robin

Heron's visited the Jewish Museum as part of their history and R.E. studies.

Whilst at the Museum they learnt how the British helped save the lives of thousands of Jewish children, through the invention of the Kindertransport. The class showed high levels of empathy when discussing how the children leaving their families may have felt.

They also go to experience the 'sweet feeling' of the Jewish sabbath, and recreated a typical Sabbat.!

Kestrels all had a wonderful day at the Jewish Museum in Camden learning about religious artifacts and their significance, and also about the Kinder transport. It snowed on the way, which was very exciting.

Two Year Old Project

If you think you may be eligible for a 15 hour place for your two year old, please visit our website to find out more. We hope to open sometime after half term (tbc) and will soon begin our admissions process. This has gone out wider than Primrose Hill as the provision is being signposted by Camden generally. Don't miss out on a place. <http://www.primrosehill.camden.sch.uk/news/two-year-old-provision-2/>

Sporting News

What a week it has been in PE and sports!! The children have been continuing to learn the fundamentals in gymnastics and I believe most of the children are starting to really master what we are trying to teach. Sports has also been a busy one, with us competing in four different events with four different sets of children each time. Dean and I feel that the children are really starting to imbed that, talent can only get you so far, but belief and a growth mindset will get you that extra mile!!! Jordan

Chickens News

We had some very sad news this week. Unfortunately, the chickens have died. Emma had been into school over the weekend to feed the chickens as normal. However, when Sharon went to see them on Monday morning, she found an empty coup with no signs of the chickens anywhere. Initially, we thought they may have been taken and Robin, Emma and Tania spent some time scouring the CCTV camera for evidence. Later that day, we found evidence that the chickens had been the victim of some kind of animal. We have been honest with the children; this is an opportunity after all to teach the children about both the wonders and the reality of the circle of life. The chickens team have plans to source some new Primrose Hill residents and a brand spanking hi-tech coup.
