18th April 2017

Year 6 Parents' Science workshop.

Dear Parents & Carers,

As part of Science Week, Year 6, along with a facilitator from the Francis Crick Institute, will host a parent workshop **afterschool** on **Thursday 27th April from 3.40 to 4.20 pm in Heron's classroom.**

Earlier that week, Year 6 will have had a "Science Communication" session, using microscopy and scientific enquiry to give each child the ability to communicate what they have learned clearly and with confidence.

The after school workshop will give the children an opportunity to share their learning by teaching you to use and enjoy microscopes.

We hope you can join us to learn from your children and share the excitement of their scientific exploration!

Yours sincerely,
Niamh Keating

Reception Teacher and Leader of Learning for Science and STEM
