

# THE UNICORN

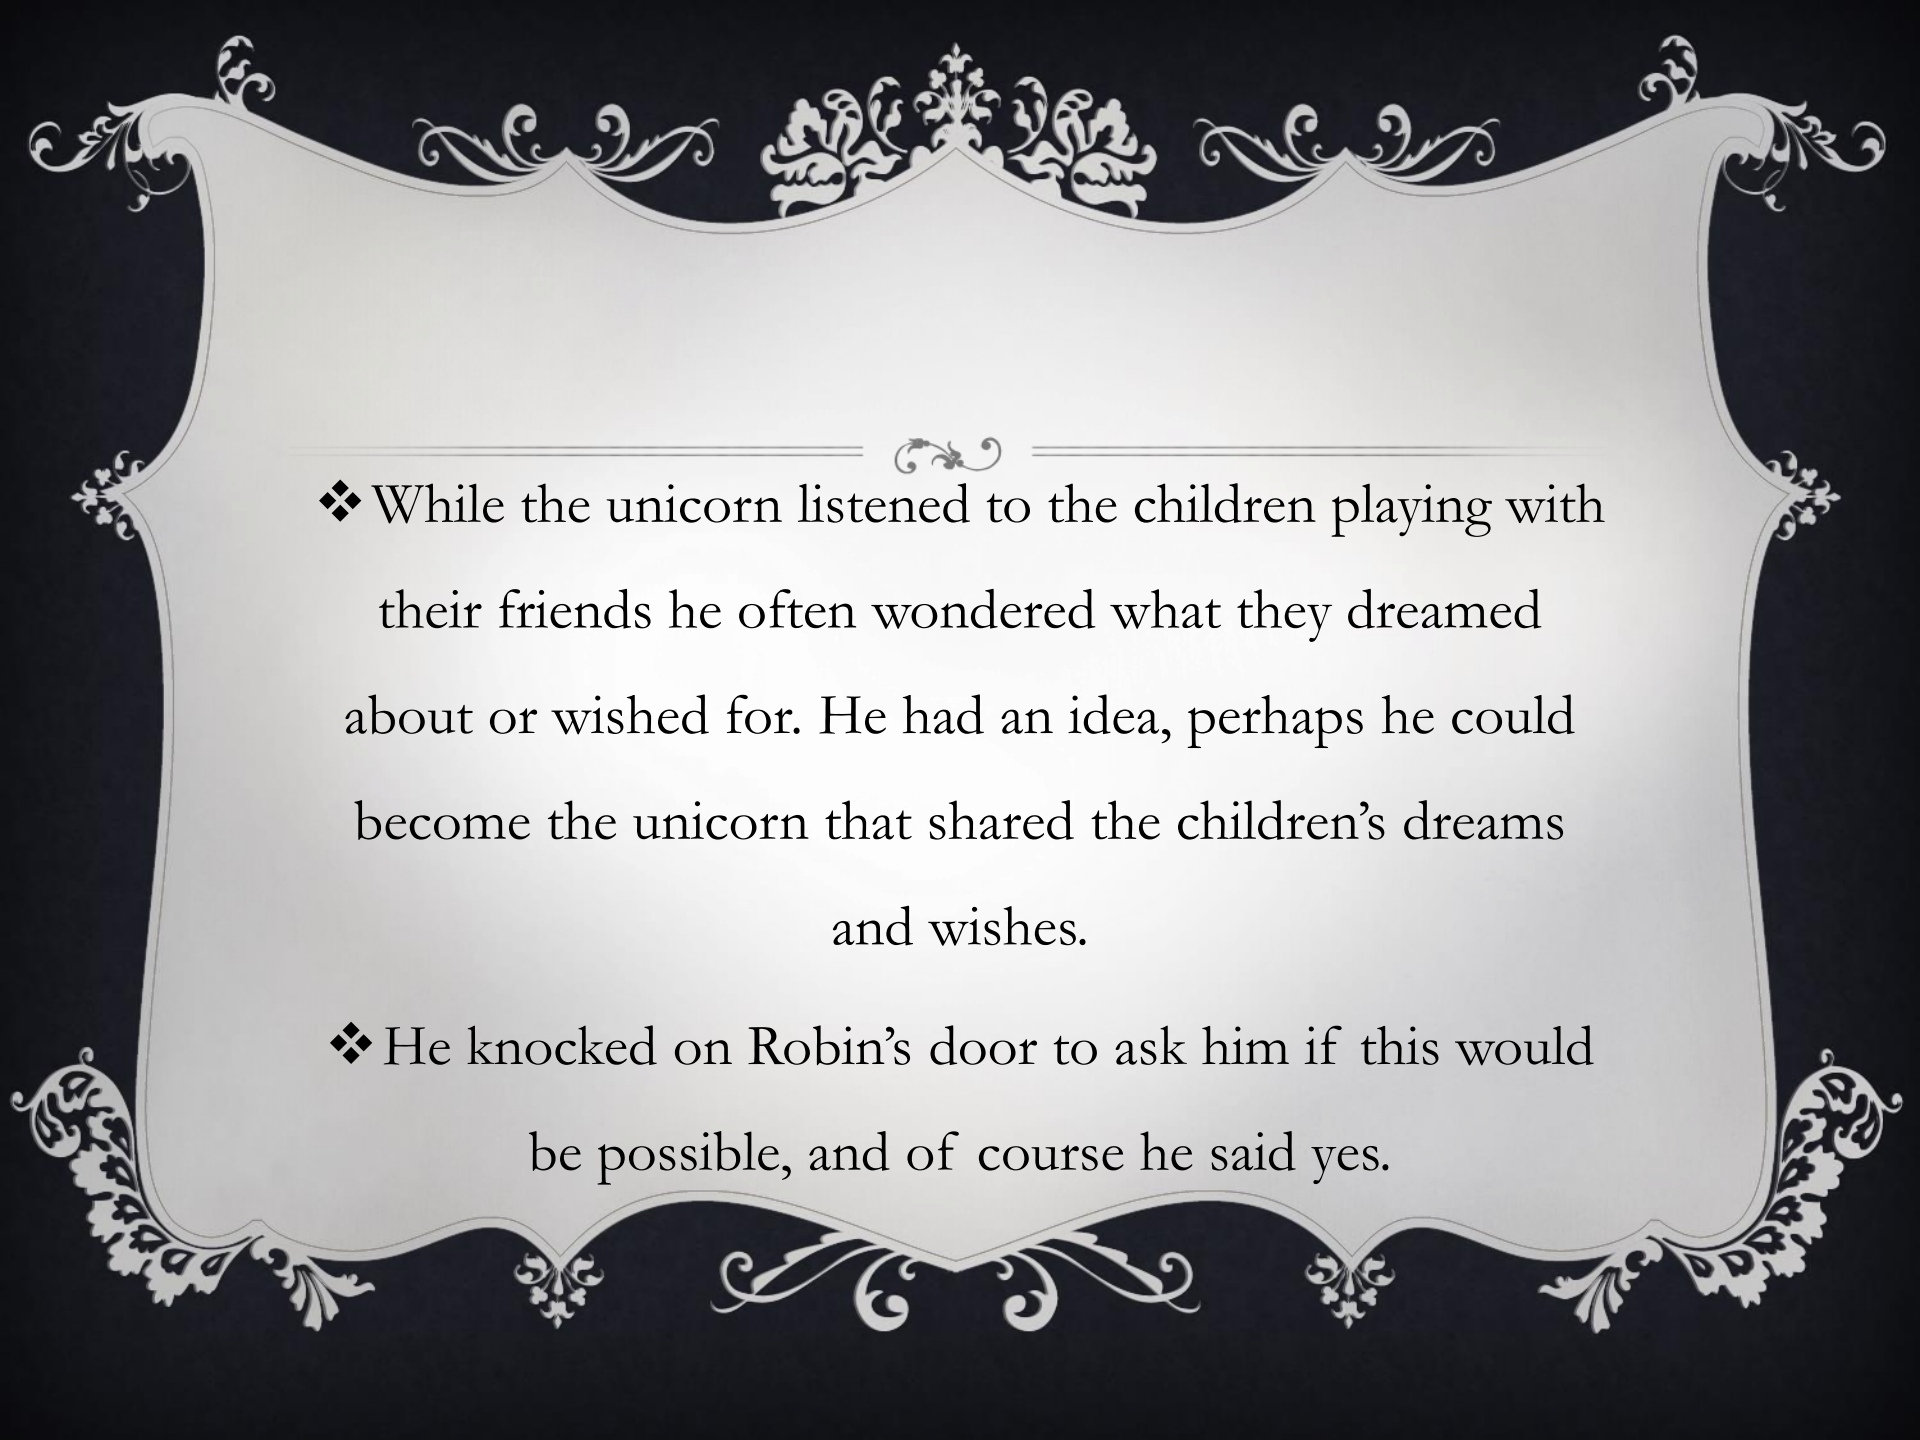

❖ Once upon a time  
a unicorn came to live at  
Primrose Hill Primary school.

It was a very special unicorn  
and everybody loved him

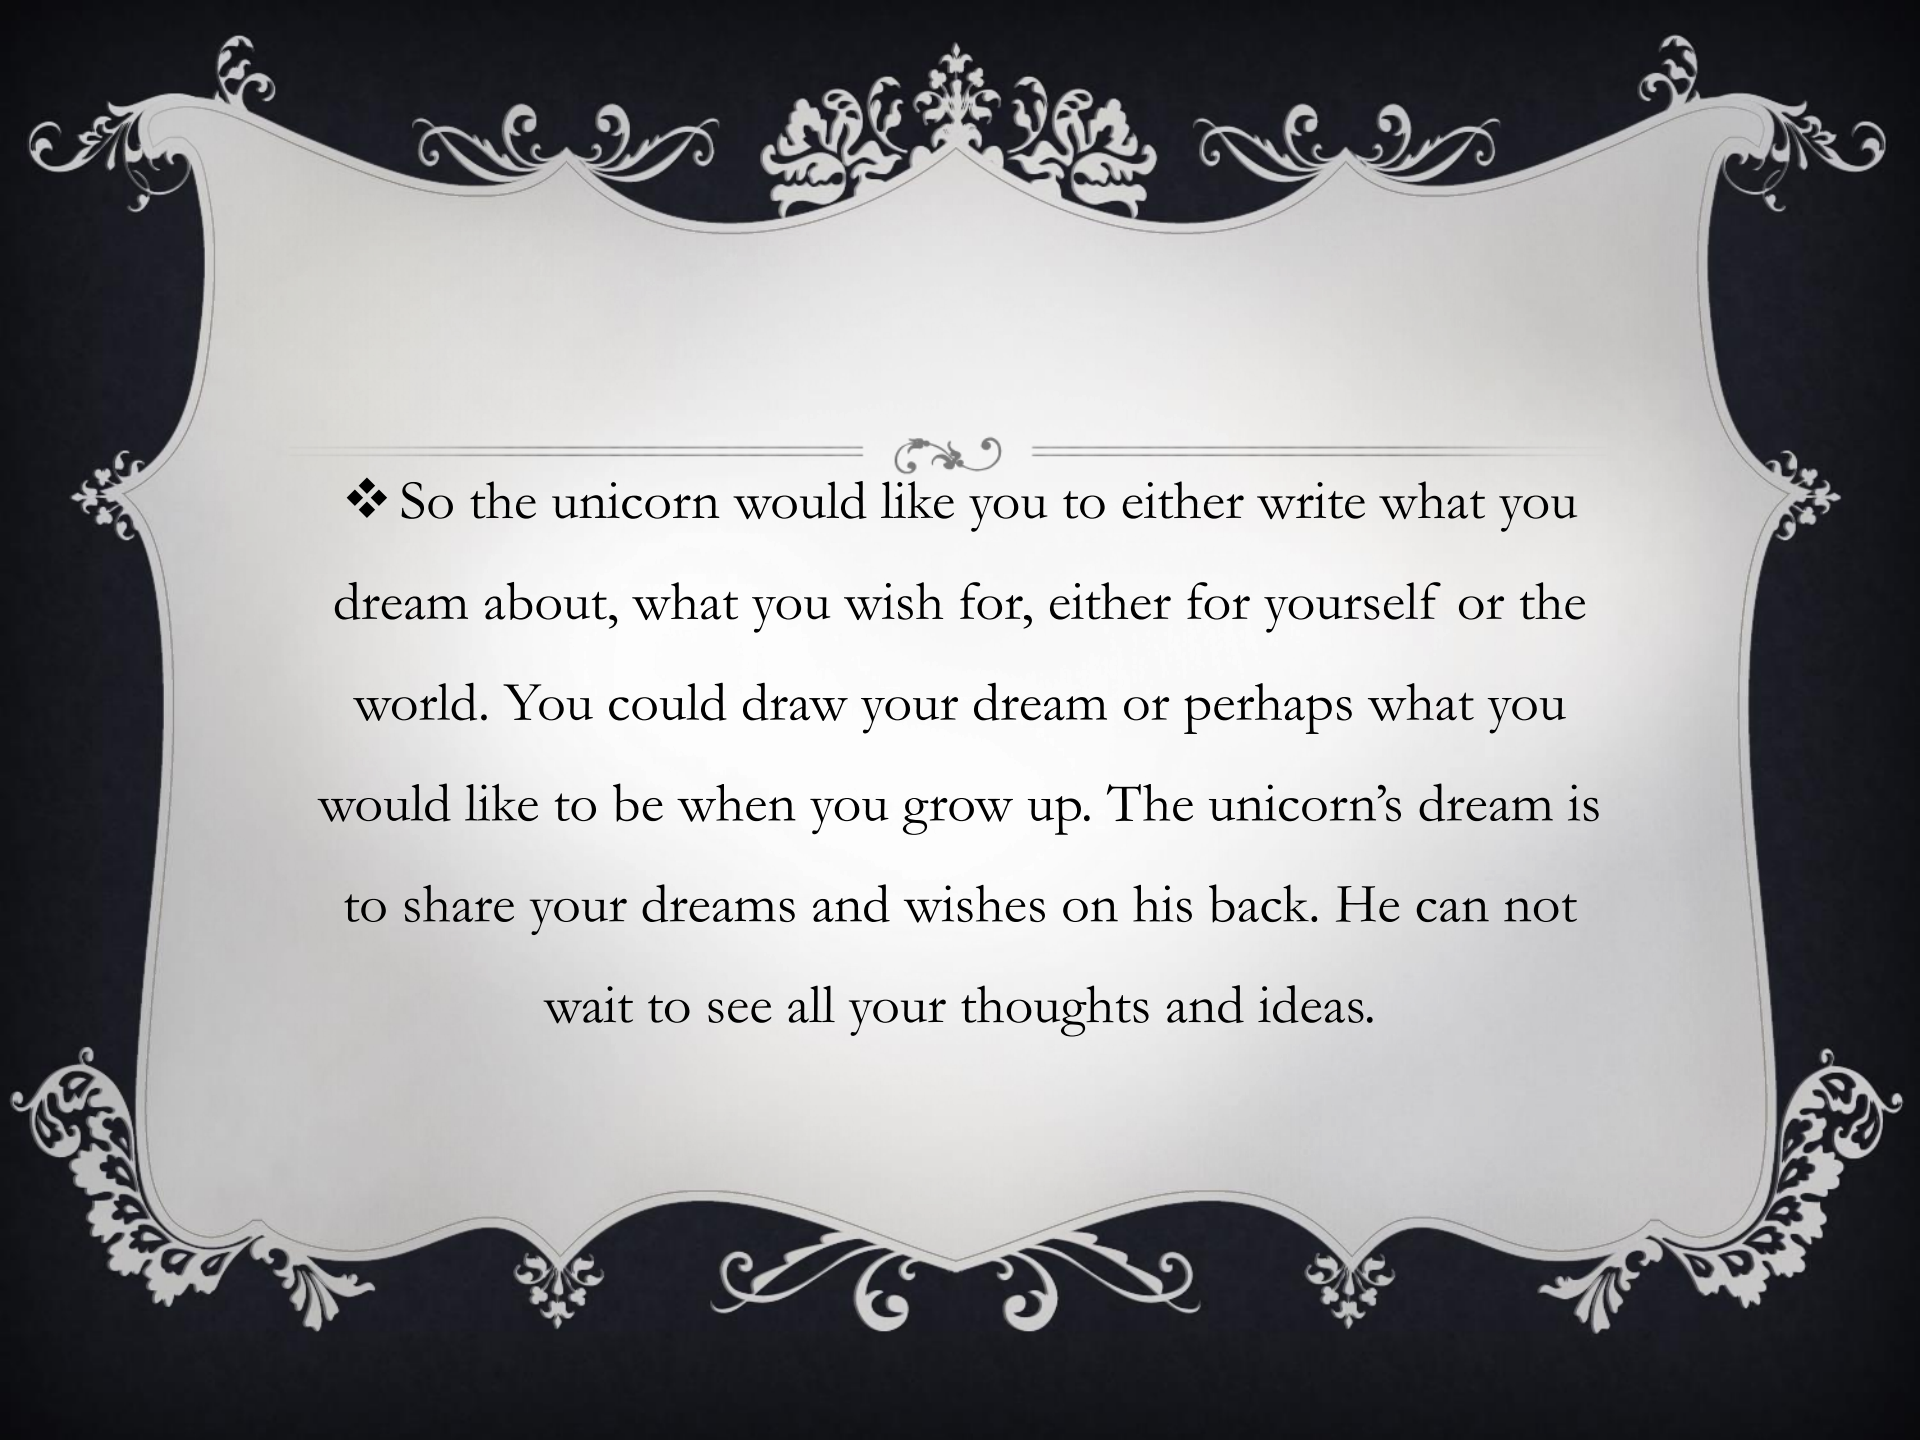

especially the Head  
Teacher  
Robin

---

❖ While the unicorn listened to the children playing with their friends he often wondered what they dreamed about or wished for. He had an idea, perhaps he could become the unicorn that shared the children's dreams and wishes.

❖ He knocked on Robin's door to ask him if this would be possible, and of course he said yes.

❖ So the unicorn would like you to either write what you dream about, what you wish for, either for yourself or the world. You could draw your dream or perhaps what you would like to be when you grow up. The unicorn's dream is to share your dreams and wishes on his back. He can not wait to see all your thoughts and ideas.
