

Maths

We have started whole class Maths. These sessions will consolidate arithmetic skills and explore various reasoning strategies and skills through mathematical investigation.

English

.As we are sure you already know, we have been EXTREMELY busy writing, editing and publishing many pieces of engaging writing. The children have now created a portfolio of their best work, this includes: a Brexit related newspaper report; a thrilling narrative based on a lone girl's adventure; and a biased argument around who was responsible for Duncan's murder.

Please ensure your children shares these with you at the end of the year. We are very proud of them, as we are sure you will be!

PSHE- Transition into Secondary School & SRE (Sex, Relationship Education)

Please see the letter on the reverse of this letter which explains the SRE coverage.

SRE is also linked to the transition into Secondary School and managing feelings around change and problems they may face as teenagers. We will also discuss and give the children the opportunity to share their concerns and what they are looking forward to in the next stage of their education.

This half term in Year 6

SUMMER 2

Please note:

Summer 2 is all about celebrating the children's achievements, preparing for Secondary School and enjoying the last term of Primary School.

We would like to take this opportunity to tell you how amazing your children have been and how thoroughly rewarding it has been to teach them. They have come so far and we are certain they are ready for the next chapter in their lives.

If you would like any clarification on this half term's learning, please talk to us or any member of the SLT who will be more than happy to help.

Thank you for all your support this year; the children could not have accomplished what they have with you!

Nabila, Marianne & Mireille

Emma, Sabena, Shilpa, Saskia, Tiss, Ardiana & Melanie

Science—Electricity /

We will complete our electricity unit and apply our skills and knowledge to create our own Morse Code.

Art & Design

We will be using our art and design skills to plan and make a 'keepsake' to take on School Journey: a cushion. If any parents are free to come and help us with sewing our designs, please let us know.

Important Dates

17.06.19 School Journey Meeting at 3pm in the middle hall.

08 - 12.07.19 School Journey

16.07.19 KS2 Sports Day

17.07.19 Year 6 Production at around 5pm (time tbc) at Haverstock Secondary School

18/19.07.19 Lido - depending on the weather.

22.07.19 Year 6 Graduation. **We have decided to have the ceremony during the school day at 2pm so we can prepare with the children.**

As a reward for all of the hard work, dedication and commitment to their learning, we are organising a surprise reward trip. We are hoping to have it in the week beginning 24th

RE- Judaism

We will continue to learn about Judaism and reflecting on our own lives, beliefs and morals.

We will reflect on our year of learning about Jewish customs and beliefs. Drawing upon our Primary RE studies, we will also be looking at the 6 major religions and identifying similarities and differences between them.

Geography

Our main unit of study will be around Rivers Children will investigate and learn about the physical geography of rivers, mountains and the water cycle. We will link this to the topic they learnt in Y5- Save the Planet—and think about how global warming has affected these geographical features.
