Day 2

## 9.00am Register

Take a look at the daily timetable (today is a little bit different to usual because we aren't doing Maths and English in the morning) and discuss what you are looking forward to. The whole school song of the morning is **A Lovely Day** by Bill Withers – look it up if you can and sing along.

TOPIC / CHOSEN PROJECT

### Chemical Creations!

Scientists use chemical reactions to create useful new materials. Can you create a fact file about a scientist and the new material they made? You should research the scientist and their life, such as when and where they lived, and what they did. You should also find out about the new material, its properties and how it is useful. Your fact file could be written on a piece of paper, made into a book or created using a computer. Include pictures and diagrams to add interest!

Access the assignment and post your learning directly into it!
