Weekly Science Activity (this stays the same r the rest of the week)

One for outside.....you have been warned

Key Vocab:

- Chemical reaction
- Bubbles
- Foams
- Hydrogen mixed with sodium
- Vinegar is an acid
- Fizz
- Explosion

- Plastic Bags
- Clothes pegs
- Food Colouring
- 1/3 cup Vinegar (for each bag)
- 2 Tbsp Baking Soda (for each bag)
- Pour the vinegar into a baggie and add food colouring to it.
- Twist the baggie just above the liquid and secure with a clothes peg, leaving a space at the top
- Add the baking soda to the empty space and seal the bag
- When you're ready for the fun, remove the clothes peg and allow the baking soda to fall into the vinegar. Watch as the bags fill with gas and explode in a fizzing mess!

End of the Day Please **upload pictures and examples of your home learning directly onto the Evidence Me app or web suite** for the teachers to review and celebrate. If you have any technical difficulties or need help installing and using the app, please comment on the morning register and we will get back to you with support.
