

Thursday's Home Learning suggestions

9.00am Register

Good morning! Please **reply** to the text register to update the teams on your learning status for the day. Please leave a **comment** on the text register if you would like any support and for a member of staff to give you a phone call. We are here to help you. We hope you have a great day. Here are today's activities. Feel free to organise the activities however works for you. Have fun!

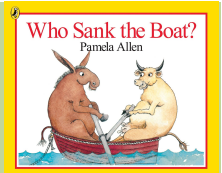

PHYSICAL ACTIVITY

[BBC iPlayer - Andys Wild Workouts - Series 1: 1. Under the Sea](#)

STORY AND ACTIVITY

Watch the story: [Who Sank the Boat? - Read Aloud for STEM Challenge](#). After reading the book we thought we could become scientists and explore water, looking at why some objects sink and others float. Watch the video [Floating and Sinking Experiment with Susannah](#). Once you have finished watching the video, Have a look around your home for some objects that can get wet. **Have a guess at which items can float – sit on top of the water – and which items will sink – fall to the bottom of the water.** Now put your items in the water one at a time and notice which things float and which things sink. **Were your guesses correct?** Here are some words you might like to introduce while learning about this topic: **buoyant, buoyancy, solid, hollow, dense, density, float, sink, liquid.**

MATHS

Make a **pile of loose socks** and challenge your child to **pair them up**. You could ask some of these questions. Can you find the **matching sock**? How do you know it matches? **How many pairs have you made?** What **patterns / shapes** can you see?

LUNCH – Let your child set the table, pour the water, or cook the food with you. They can count out or measure portions, learn new vocabulary, and expand their food tastes!

SINGING: Enjoy a [Sinking and Floating Song - CBeebies](#)
[You Can Do It Too - Row, Row, Row Your Boat](#)

- Ideas of things to include;
 - A Lego
 - Ice
 - A wooden block
 - A rock
 - Butter
 - A cube of cheese
 - A marble
 - A coin
 - A piece of chocolate
 - A crayon
 - A cube cut off a bar of soap

Key Vocabulary:

- **Melting**
- **Frozen / Freeze**
- **Solid**
- **Liquid**
- **Heat / Sun**
- **Cold**
- **Ice**
- **Water**

- Encourage children to guess which items will melt
- Keep a list, check back to see if they were right

What Melts in the Sun?

Weekly Science Activity (this stays the same for the rest of the week)

End of the Day Please **upload pictures and examples of your home learning directly onto the Evidence Me app or web suite** for the teachers to review and celebrate. If you have any technical difficulties or need help installing and using the app, please comment on the morning register and we will get back to you with support.
