Make your own rainfall meter gauge

At the same time each day measure how much rainfall.

Record your findings

How much rain?

Monday	Tuesday	Wednesday	Thursday	Friday	Saturday	Sunday

How much rainwater did you collect over the week?

Rain falls into the top of the gauge and collects at the bottom, where it can be easily measured. Try comparing the amount of rain to the length of time the shower lasted, was it a short and heavy rain shower or a long and light one?

### Key Vocab:
