

# Wednesday's Home Learning suggestions

## 9.00am Register

Good morning! Please **reply** to the text register to update the teams on your learning status for the day. Please leave a **comment** on the text register if you would like any support and for a member of staff to give you a phone call. We are here to help you. We hope you have a great day. Here are today's activities. Feel free to organise the activities however works for you. Have fun!

Welcome back Froglets! We hope you have had a lovely half term break. We are looking forward to speaking to you all this week. Have a great day! Best wishes, Lia, Abu, Susannah, Hayeser and Nawel.

## PHYSICAL ACTIVITY

[Yoga Time!](#) | [Pirate Adventure - Kids Yoga and Nursery Rhymes](#)

## STORY AND ACTIVITY

This half term we are going to be looking and focusing on our topic of 'Water water everywhere'. Listen and watch the story: [Kipper the Dog - Water Water Everywhere](#) and then watch the video of [Come Outside - Water](#). Today we are going to make a mind map. We would like you to write down all the things that you know about water, perhaps things that use water, where you might find water and things you might want to find out about water. Ask an adult to help you.

## MATHS

This half term we are going to have a number of the week that we are going to focus on and learn more about. This week's number is **2**. Watch the videos to find out more: [BBC iPlayer - Numberblocks - Series 1: Another One](#) and [BBC iPlayer - Numberblocks - Series 1: Two](#) **Focus on key vocab: one and another one make two. Twice as much. A pair.**

Today you are going to become 'two detectives' and collect examples of things that come in twos around the house. Mix them up in a different order - what do you notice? What body parts do we have two of? Count what you have found.. Play a game with another person - what games can you play where you only need two people? Do you need two things or more?

**LUNCH** – Let your child set the table, pour the water, or cook the food with you. They can count out or measure portions, learn new vocabulary, and expand their food tastes!

**SINGING** - [Relaxing/soothing](#) - Choose a song and join in from the sing up playlist

- Ideas of things to include;
  - A Lego
  - Ice
  - A wooden block
  - A rock
  - Butter
  - A cube of cheese
  - A marble
  - A coin
  - A piece of chocolate
  - A crayon
  - A cube cut off a bar of soap

### Key Vocabulary:

- **Melting**
- **Frozen / Freeze**
- **Solid**
- **Liquid**
- **Heat / Sun**
- **Cold**
- **Ice**
- **Water**

- Encourage children to guess which items will melt
- Keep a list, check back to see if they were right

## What Melts in the Sun?

**Weekly Science Activity** (this stays the same for the rest of the week)

**End of the Day** Please **upload pictures and examples of your home learning directly onto the Evidence Me app or web suite** for the teachers to review and celebrate. If you have any technical difficulties or need help installing and using the app, please comment on the morning register and we will get back to you with support.
