

# Monday's Home Learning suggestions

## 9.00am Register

Good morning! Please **reply** to the text register to update the teams on your learning status for the day. Please leave a **comment** on the text register if you would like any support and for a member of staff to give you a phone call. We are here to help you. We hope you have a great day. Here are today's activities. Feel free to organise the activities however works for you. Have fun!

**PHYSICAL ACTIVITY:** [BBC iPlayer - Otis Boogie Beebies - Series 1: 15. Fruit and Vegetables](#)

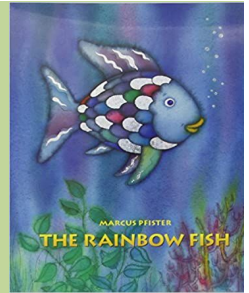

## STORY AND ACTIVITY

Listen and watch the story of [The Rainbow Fish read by Ernest Borgnine](#)

Describe the Rainbow Fish's behaviour at different points in the story. **How did his behaviour make the other fish feel?**

**Create your own Rainbow Fish.** Can you find foil and glitter to make your picture sparkle? Here are some fun and exciting ideas to try: [Celery Stamping Rainbow Fish Craft for Kids](#) or [Rainbow Fish Craft](#)

**Well being story:** [I LIKE MYSELF children's book read aloud by Books with Blue](#)

## MATHS:

**Number of the week:** [BBC iPlayer - Numberblocks - Series 1: Stampolines](#)

**Focus on key vocab:** **more, less, altogether, the same as, because, I can see**

Using a piece of string / ribbon - create a washing line, and then either draw a different number of objects on small pieces of paper or cut a different number of objects out of a newspaper / magazine. Hide these around the house for your child to find. Once they found them to hang them on the washing line in the correct order. Focus on using numbers 1 - 5. Can you write the numbers to match?

**LUNCH** – Let your child set the table, pour the water, or cook the food with you. They can count out or measure portions, learn new vocabulary, and expand their food tastes!

**SINGING** - [Sittin' On The Dock Of The Bay](#) | [Playing For Change](#)

## Weekly Science Activity (this stays the same for the rest of the week)

### MAKE PAPER TOWEL MARKER MAGIC

This is such a simple activity, yet hours of awe and beauty! All you need are paper towels, water, a plate or shallow dish, and washable markers. We used Crayola, but any water soluble marker would work. Fold a paper towel in half like a card. On the front of the paper towel card, make a very simple design. Then inside, add more details and colors. Drop the paper towel into the water and watch the designs appear and colors spread!

**End of the Day** Please **upload pictures and examples of your home learning directly onto the Evidence Me app or web suite** for the teachers to review and celebrate. If you have any technical difficulties or need help installing and using the app, please comment on the morning register and we will get back to you with support.
