

Multiple Madness

Rules / Instructions:

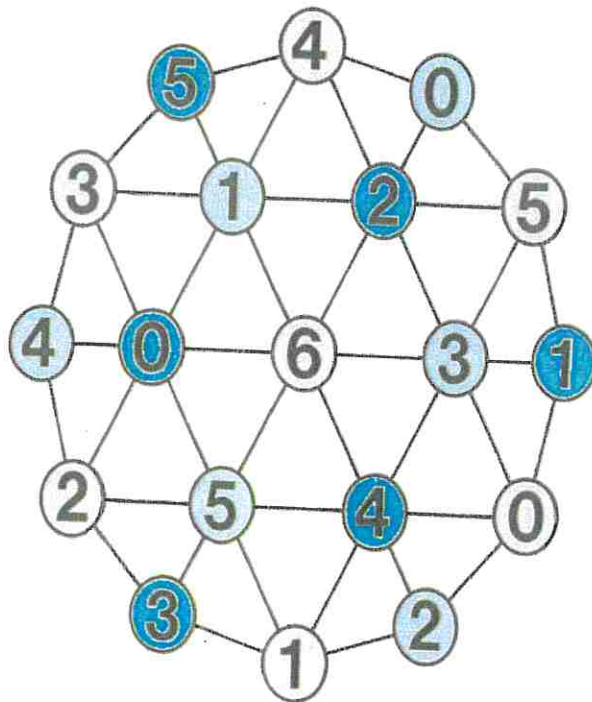

- * Before the game decide on a times table to use, for example: 4 times tables
- * Use a 1-100 Square
- * Each player chooses a counter
- * Take it in turns to roll the dice and move the counter along the 100 Square, for example if you roll 7, move 7 spaces.
- * When a player lands on a number from the chosen times table, then they get another turn.
- * The winner is the first to pass 100 - *you can change this according to the times tables / child's confidence in identifying multiples.*

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50
51	52	53	54	55	56	57	58	59	60
61	62	63	64	65	66	67	68	69	70
71	72	73	74	75	76	77	78	79	80
81	82	83	84	85	86	87	88	89	90
91	92	93	94	95	96	97	98	99	100

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30

41	42	43	44	45	46	47	48	49	50
51	52	53	54	55	56	57	58	59	60
61	62	63	64	65	66	67	68	69	70
71	72	73	74	75	76	77	78	79	80
81	82	83	84	85	86	87	88	89	90
91	92	93	94	95	96	97	98	99	100

Totality

Rules / Instructions:

- 2 players & 1 counter
- Choose a target number, for example 24
- Start at 0
- Each player moves the counter and mentally adds -one at a time. *If it helps to jot down the answers, that's fine*
- The aim of the game is to NOT be the person who gets over that total.
- *This game can be played with subtraction too, start with 24 and subtract. First person who gets to 0 or below is out!*

Closest to 1000.

Player 1

Player 2

- Each player draws the game board.
- Roll the dice - you must place it in one of the circles
- Once you have rolled 6 times - add up the scores. Closest to 1000 wins.

Extend by creating three 3 digit numbers:

Closest to 1000.
