Dear Parents & Carers,

We hope you had a lovely holiday despite the unusual circumstances. Tomorrow we are back to term time albeit remotely, and with the help of our wonderful families and community we hope to continue to make this a positive experience for the children. Thank you for your support thus far.

We think having a structure for the day is important for the children. We are still working to improve our online learning systems and have made some slight changes, so just to recap and clarify expectations, please note the following;

- **9:30am** - all children are expected to log on and **register for the day. It is essential that your child completes this daily.** If your child is sick or sharing a device, please include this when you complete the virtual register. For example:
  - 'Good morning Robin, I am not feeling well today so won't be working online. Thanks, Syra'
  - 'Good morning Mireille, I am sharing my device with Liz today. Thanks, Mandy'
- **9:35am - all work / assignments will be posted for the day-** this is to allow you to work through these at your own pace and make your own schedule. Teachers and their support staff will be online during the morning to support the children if they need it.
- By the **end of each day**, please ensure your child **completes/hands in at least one English and one Maths** assignment to be checked. We are also happy for you to support your child's individual interests and preferences and initiate your own activities. However, the important thing is that we keep communicating about your child's progress and development, so be sure to post/hand in these on Google Classroom.
- The whole school is going to have regular **offline/ wellbeing days** with suggested activities to keep you and the children entertained away from the screen. Please note that on these days, there will be **no lessons posted on Google Classroom, although we will communicate optional suggestions for wellbeing activities to you by text the day before:**
  - **Friday 24<sup>th</sup> afternoon offline**
  - **Wednesday 29<sup>th</sup> all day offline**
  - **Friday 8<sup>th</sup> May all day offline**
  - **Friday 13<sup>th</sup> May all day offline**

*We have listened to feedback from parents and carers and the staff about the amount of screen time that online learning requires. With this in mind, we have planned some weekly 'wellbeing' times where learning will be offline. During these times, we encourage the children to complete as much as they would like.*

- You can expect some **phone communication with a team member at least once a week** (at some point there will also be phone consultations with Tom and Jordan, our specialist music and PE teachers).
- **Monday afternoons are PE and Music lessons** (Tom and Jordan will post for the whole school, but teachers will be offline for planning and preparation).

If you have any difficulties using the Google Classroom please call or email directly on the contact details below and someone will call/email you back.

**Scroll to the next page to see the daily timetable.**

Enjoy your home learning experience and know that we are here to support you remotely!

You can email [admin@primrosehill.camden.sch.uk](mailto:admin@primrosehill.camden.sch.uk) or me at [head@primrosehill.camden.sch.uk](mailto:head@primrosehill.camden.sch.uk) at any point.

Thank you in advance for your cooperation.

## A reminder of our Rules for using Google Classroom:

DO ask sensible questions about your work.	DO NOT post personal questions or comments unless related to your learning. Children should not make comments to each other or about each other's work.
DO check other children's questions before you post a question (if you have one). You can also check the teacher's comments to other children's questions to help you.	DO NOT post any questions unless you have checked what other children have written or if the adults in your class have made a comment.
DO post all work and explanation of your work if you think it's needed.	
DO use Google Classroom as a learning tool.	DO NOT use Google Classroom just to socialise with each other unless directed by an adult.
