			<ul style="list-style-type: none"> See <i>hygiene protocols</i> to clear areas with disinfectant products after children have used it. Set up clear, repeated messaging to parents/carers that pupils must not attend if they, or a member of their household, has COVID-like symptoms or a positive test. Each child has own bag for belongings Introduce enhanced cleaning of all facilities throughout the day and at the end of each day Provide suitable and sufficient rubbish bins in these areas with regular removal and disposal Ensure adequate supplies of soap, paper hand towels and hand sanitiser, with stock monitoring and re-ordering procedures set up Site staff to regularly clean the hand washing facilities Alcohol hand sanitiser provided at reception / entrance/exit and should be used by all persons when entering/leaving Resources that are shared between classes or bubbles, such as sports, art and science equipment should be cleaned frequently and meticulously and always between bubbles, or rotated to allow them to be left unused and out of reach for a period of 48 hours (72 hours for plastics) between use by different bubbles. <p>SHARED AREA CLEANING</p> <ul style="list-style-type: none"> Regularly clean and disinfect common contact surfaces in reception, office, access control etc. (screens, telephone handsets, desks). Gloves and masks are provided to SSO while cleaning (PPE) & available to all adults on site in classroom first aid and shared first aid areas Adults to use wipes to wipe taps, toilet lid, flusher and door handle after each use of loo 	<p><i>or a positive test (Loss of a sense of taste and smell is a primary indicator); Water bottles / limiting stuff brought to school to essentials e.g. only packed lunch boxes & book bags. Packed lunches should be kept in classrooms.</i></p> <ul style="list-style-type: none"> Track and Trace information shared with parents and on website. regular newsletter item on symptoms, hygiene, sanitation and transition routes, responsive to issues as they arise Video of basic procedures to inform children and parents 				
5. Cleaning/ Hygiene measures: Daily CLEANING CONTRACTORS			<ul style="list-style-type: none"> Cleaning team need daily monitoring. Robin met with Cleaning Manager several times and with the cleaning supervisor. Cleaners clean all areas in use and the surfaces at the end of the day* https://www.gov.uk/government/publications/covid-19-decontamination-in-non-healthcare-settings Must wear disposable masks and gloves for the duration of their shift 	<p>Additional Cleaning Team will continue and additional equipment cleaning on Friday pm</p> <p>Humphrey and Guiseppa share Protocols & Planning with Cleaning company</p>				

September COVID 19 Risk Assessment – Primrose Hill Primary School

Camden Health & Safety Service

Simple, sensible, safe

			<ul style="list-style-type: none"> ● Masks and gloves to be worn as soon as cleaners enter the building – either in the visitor toilet or in the reception/ welcome area before entering the main corridor ● Apron to be worn before beginning any cleaning ● Wash hands regularly with soap and water for 20 seconds, and after removing gloves, aprons and other protection used while cleaning ● Must maintain a distance of 2m from other team members as well as staff and children in the school ● Disposable cloths to be used where possible - if this is not possible then the government guidelines need to be followed ● All doors, handles and other frequently touched areas to be wiped down with antiseptic disinfectant daily ● Cleaners review this risk assessment and submit their company RA (school staff will use this guidance/RA) ● Entire cleaning team to place additional emphasis on shared areas e.g. dining hall, staff room, toilets, music room ● All tables, doors, windows and other frequently touched areas to be wiped down with antiseptic disinfectant solution ● All carpets hoovered and all floors to be mopped <p>Cleaning protocol for symptomatic individuals</p> <ul style="list-style-type: none"> ● Using a disposable cloth, first clean hard surfaces with warm soapy water. Then disinfect these surfaces with the cleaning products you normally use. Pay particular attention to frequently touched areas and surfaces, such as bathrooms, grab-rails in corridors and stairwells and door handles ● If an area has been heavily contaminated, such as with visible bodily fluids, from a person with coronavirus (COVID-19), use protection for the eyes, mouth and nose, as well as wearing gloves and an apron ● Public areas where a symptomatic individual has passed through and spent minimal time, such as corridors, but which are not visibly contaminated with body fluids can be cleaned thoroughly as normal ● All surfaces that the symptomatic person has come into contact with must be cleaned and disinfected, including: <ul style="list-style-type: none"> - objects which are visibly contaminated with body fluids 	<p>Hygiene Ambassadors in each class</p>					
--	--	--	--	--	--	--	--	--	--

September COVID 19 Risk Assessment – Primrose Hill Primary School

Camden Health & Safety Service

Simple, sensible, safe

			<ul style="list-style-type: none"> - all potentially contaminated high-contact areas such as bathrooms, door handles, • Telephones, grab-rails in corridors and stairwells • Use disposable cloths or paper roll and disposable mop heads, to clean all hard surfaces floors, chairs, door handles and sanitary fittings, following one of the options below: use either a combined detergent disinfectant solution at a dilution of 1,000 parts per million available chlorine or a household detergent followed by disinfection (1000 ppm av.cl.). Follow manufacturer's instructions for dilution, application and contact times for all detergents and disinfectants or if an alternative disinfectant is used within the organisation, this should be checked and ensure that it is effective against enveloped viruses • Avoid creating splashes and spray when cleaning. • Any cloths and mop heads used must be disposed of and should be put into waste bags only when someone is symptomatic 					
7. Pre-opening hygiene / prevention measures			<ul style="list-style-type: none"> • Additional furnishings and resources to stay removed as before. (minimise soft toys, clothing, soft furnishings, trinket toys etc.) • Lost Property and uncollected items to be bagged and removed (SSO end of term) 	Teachers prep time and checklist			✓	
8. Classroom hand-washing and sanitation protocols			<ul style="list-style-type: none"> • Hand sanitizer dispenser fitted in key areas listed in stock check table below • Staff & children to wash hands & sanitise in line with Hygiene Protocol, especially before transitions and eating, and when any social distancing rules are transgressed • Children encouraged not to touch their face or put their hands or other objects in their mouths • Specific hygiene lessons in class planned • Children to wash their hands frequently, especially before transitions and eating and after using any bikes and other large movable toys - see <i>Hygiene Protocols</i> 	Hygiene Protocol finalised		✓		<p>Children will not bring book bags for wk 1 but thereafter we will allow for reading only (and 72 hrs before being used by another bubble)</p> <p>KS1 & EYFS remote reading scheme finalised</p>

September COVID 19 Risk Assessment – Primrose Hill Primary School

Camden Health & Safety Service

Simple, sensible, safe

			<ul style="list-style-type: none"> Tissues will be provided for classrooms. Staff to replenish as needed Ensure bins are provided for tissues in every classroom Ensure catch it, bin it, kill it message is displayed, discussed and understood in each class. Staff / students to use tissues when coughing or sneezing and then place the used tissue in the bin before washing hands Parents to ensure children have their own water bottles in school to reduce contact with water fountains SLT to be more visible in leading social distancing and also cleaning as they move through school / wearing masks when staff get too close 	<p>Julia handover to ensure all orders/deliveries are accounted for and essential stock ready for end Sept. Kerri and Lee leading on this.</p>					
9. Cleaning/ Hygiene and Safety measures: Suspected/ Proven COVID Infection (child/ adult)	✓		<p>Establish protocol and train all staff on swift and safe response to suspected cases on site (see FIRST AID for suspected below)</p> <ul style="list-style-type: none"> If there is a suspected case (see procedure for reporting and isolating symptomatic person below), those left in class should ventilate room and clean. Everyone (children and staff) must wash their hands thoroughly for 20 seconds with soap and running water or use hand sanitiser after any contact with someone who is unwell. The area around the person with symptoms must be cleaned with normal household bleach after they have left to reduce the risk of passing the infection on to other people. See the COVID-19: cleaning of non-healthcare settings guidance. Isolation rules: Household members should self-isolate for 14 days https://www.gov.uk/government/publications/covid-19-stay-at-home-guidance Symptomatic individuals should self-isolate for 7 days, or longer if still unwell or feverish (contact NHS 111 or 111 online if symptoms persist) If household members develop symptoms, they should isolate for 7 days (or longer if still unwell) from the start of their symptoms There is no need for households to start their isolation again if a second member falls ill On receipt of a negative test result, a pupil or staff member may return. <p>Anyone with symptoms must stay at home</p> <ul style="list-style-type: none"> Inform Headteacher of staff illness and make a list of all staff members that came into contact with that person. Speak to those people to determine direct or proximity contact info. Refer to Action Plan for single positive COVID result in school. Call DFE hotline 08000468687 and the Camden and Islington Health inform Chair of Governors Populate relevant paperwork. 	<ul style="list-style-type: none"> Gaffa tape signage - foyer queue, dining hall queue, outside gates queue, canal entrance queue No using office photocopier Signage outside busy rooms e.g. mandy and mireille's office PPE training through WHO for all TAs during phrase assembly (Syra) <p>Revised protocol letters issued to parents via letter and newsletter (Week 2 and 3). This included revisions to entry and exit times and procedures.</p>	✓			SSO Cleaning Team	

September COVID 19 Risk Assessment – Primrose Hill Primary School

Camden Health & Safety Service

Simple, sensible, safe

		<ul style="list-style-type: none"> • Parents of children that came into contact with the adult to be informed and PHE procedure followed Close contact means: direct close contacts - face to face contact with an infected individual for any length of time, within 1 metre, including being coughed on, a face to face conversation, or unprotected physical contact (skin-to-skin) proximity contacts - extended close contact (within 1 to 2 metres for more than 15 minutes) with an infected individual travelling in a small vehicle, like a car, with an infected person • SSO to clean possible contaminated area with normal household disinfectant after someone with suspected coronavirus (COVID-19) has left as per the below; • Wear disposable or washing-up gloves and aprons for cleaning. These should be double-bagged, then stored securely for 72 hours then thrown away in the regular rubbish after cleaning is finished • Using a disposable cloth, first clean hard surfaces with warm soapy water. Then disinfect these surfaces with the cleaning products you normally use. Pay particular attention to frequently touched areas and surfaces, such as bathrooms, grab-rails in corridors and stairwells and door handles • If an area has been heavily contaminated, such as with visible bodily fluids, from a person with coronavirus (COVID-19), use protection for the eyes, mouth and nose, as well as wearing gloves and an apron • All who have come into contact, wash hands with soap and water for 20 seconds, remove any gloves, aprons and other protection used while cleaning within the same area and double bag • SSO to place Clinical waste in outside (locked up) storage whilst wearing PPE and then move to regular rubbish area after 72hrs • SLT to revise action plan and decide any courses of action. • Hold staff briefings on the next available day. <p>CONFIRMED CASE - DEEP CLEAN</p> <ul style="list-style-type: none"> • If COVID infection is confirmed, contaminated area to be vacated for 72hrs before cleaning (SLT will ensure adequate space for remaining groups) • BM to organise a deep clean / disinfection (e.g. following a suspected case) use a combined detergent disinfectant solution at a dilution of 1000 parts per million (ppm) available chlorine (av.cl.) or a neutral purpose detergent followed by disinfection (1000 ppm av.cl.) • All PPE used to clean area to be stored in Community Room

COVID19 RISK ASSESSMENT CHECKLIST

All work managers and site staff must assess and consider the following for their operations.

Risk Assessment	Y	N
1. Has the school's COVID19 Risk Assessment completed and on site?	✓	
2. Have all staff been briefed on the enhanced Covid 19 measures to be in place as required by Camden and the school's Covid 19 measures?	✓	
3. Have all staff been consulted and any concerns or queries resolved?	✓	
4. Are all staff clear on measures of distancing from work/duty?	✓	
5. Are all staff wearing face masks at all times?	✓	
6. Have all staff with higher Covid 19 risk, special needs, new or expected medical conditions been made aware of measures to be taken?	✓	
7. Can staff numbers be reduced to allow social distancing 2 metres separation in the work and operating area?	✓	
8. Have activities in the kitchen been managed when required, and possible to restrict?	✓	
9. Where possible, have kitchen / operating areas been covered / designated to reduce the spread of contamination?	✓	
10. Where 2 metre distancing cannot be maintained the activities have staff 'bubbles' / staff clearly managed the work in a controlled manner?	✓	
11. Has the school's Risk Assessment been reviewed by the school's Health and Safety Committee and approved by the Camden H&S team?	✓	
12. Have there been any staff absence due to concerns over the school's kitchen and catering area?	✓	
13. Are there additional controls for Covid 19 required by the school's Covid 19 measures?	✓	
14. Where there are additional Covid 19 measures controls are they in place?	✓	
15. Do the school's Covid 19 measures comply with Camden's control and if not have measures discussed with both the City manager and Camden H&S team?	✓	
16. Emergency Cleaning of food Are access points to dry stores, work in progress and finished being controlled to ensure no access is occurring at a time?	✓	
17. Cleaning Is there an enhanced cleaning schedule in place?	✓	
18. Are all staff using the enhanced cleaning of control surfaces and food contact points?	✓	
19. Are all areas that are being used for food preparation and production thoroughly cleaned after each time being used and being cleaned again?	✓	
20. Is disinfectant being used for all cleaning of contact surfaces and touch points?	✓	
21. Hygiene Do all wash hand basins have soap, hot and cold running water and disposable paper towels?	✓	
22. Are staff uniforms / aprons clean and fresh?	✓	

caterlink

23. Are all staff personal belongings, including phones being stored away from the working environment?	✓
24. Are staff wearing face masks very frequently?	✓
25. Travel / Commuting Are staff bringing food and drink to work, including shops, at work?	✓
26. Are staff placing their uniforms and shoes in a separate bag when travelling to and from work?	✓
27. Are all staff practising social distancing when travelling to and from work and between work?	✓
28. General Where direct contact and / or one-way systems are put in place by the client are all staff following these?	✓
29. Is the site manager / H&S staff aware of all applicable relevant Covid 19 requirements?	✓
30. Are all staff on site have Covid 19 relevant symptoms?	✓
31. Has the site manager confirmed that all staff on site / returning staff are free of their Covid 19 symptoms and where they have had symptoms it has been at least 14 days since their symptoms last emerged and they have been tested up to date?	✓
32. Have all visitors to site read and signed the Client's Risk Assessment?	✓
33. Have all visitors to site read and signed the Client's Risk Assessment?	✓
34. Are all visitors practising social distancing and following all Caterlink and school client instructions on Covid 19?	✓
35. Are changing rooms being controlled at all times?	✓
36. Are staff using their own pens and other items for operations and for hygiene activities to avoid contamination?	✓
37. Do all doors between dining and kitchen / operations areas have signage restricting access to one direction only?	✓
38. Deliveries Where vehicles are being used are they being used by one person at a time (where possible) and contact surfaces / touch points being cleaned after each use?	✓
39. Are all deliveries and delivery personnel complying with Caterlink and School / Client Covid 19 requirements?	✓
40. Is 2 metre separation being maintained between all Caterlink staff and delivery personnel at all times?	✓
41. Break and Dining Are staff / customers prevented from accessing and helping themselves to any tables / trays / plates / cutlery?	✓
42. Where touch point surfaces are being used have alternative methods been discussed with the client?	✓
43. Is social distancing in dining and service areas achieved, affecting Caterlink staff?	✓
44. Are quality containers provided from touching food or drink before purchasing / taking for the dining area?	✓
45. Are staff practising good hygiene by not touching their face or hands during operations?	✓
46. Where cleaning of tables and chairs in dining areas between uses is being carried out has method been agreed?	✓
47. Is method of cleaning between uses being carried out correctly and adequately?	✓
48. Is there a 2 metre separation between Caterlink staff and quality / customers at all times?	✓
